**Date:** June 30, 2024

**Re:** SB 526

**Signed:** June 14, 2024

**Effective:** 90 days sine die (August 29, 2024)

**Topic:** School Mapping

**Summary:** This bill creates a new law (70 O.S. § 5-148.4) to require any district *choosing* to map its campus to use the school mapping data guidelines set forth in the statute (see accompanying bill). “School mapping data” is defined as “information provided in an electronic or digital format to assist first responders in responding to emergencies at schools.” The new law also specifies that the school mapping data shall not be modified or updated independently without corresponding updates to school mapping data within software platforms used by local, county, state, and federal public safety agencies that provide emergency services to the specific school.

Legal counsel at the firm is currently reviewing this legislation and will be advising clients as to any recommended changes to existing district policies.
