

Superintendent's Leadership
Class
Student Contract

I understand the privileges and responsibilities of being a member of the Northwest Technology Center Superintendent's Leadership Class.

I know that to receive the greatest benefit from this opportunity, I must be willing to give 100% to the activities during the year. I realize that part of being a leader is to treat others with respect. I promise to give my full attention to the moderators and speakers at each activity.

I agree that my attendance at these activities is crucial. I understand that if I miss two or more sessions without an excused absence, I will be asked to leave the class.

I understand that I am required to remain in good standing with my grades and attendance both at my home school and at Northwest Technology Center in order to participate in SLC activities. Ineligibility is an unexcused absence.

I know people have differences and I will work to understand and appreciate those differences throughout the year.

*I will represent Northwest Technology Center in the best possible manner throughout my participation in the class, as good behavior is required at all events and activities.**
